Journal of Operations Management 12 (1995) 443–444

JOURNAL OF OPERATIONS MANAGEMENT

Cumulative contents of Volume 12

Volume 12, No. 1, October 1994

1 American and European manufacturing practices: An analytical framework and comparisons
G. Vastag and D.C. Whybark
13 The impact of lot splitting on due date performance
B.J. Wagner and G.L. Ragats
27 Alternative quality improvement practices and organization performance
E.E. Adam, Jr.
45 A Robust forecasting technique for inventory and leadtime management
U.S. Karmarkar
55 Editorial philosophy
57 Guide for Authors

Volume 12, No. 2, February 1995

61 Publisher's note
63 Comparing the effects of cellular and functional manufacturing on employees' perceptions and attitudes
S.M. Shafer, B.J. Tepper, J.R. Meredith and R. Marsh
75 Monitoring process parameters with pre-control
F. Olorunniwo and J.E. Knight
89 Using production and transfer batches in flowshops under MRP control
E. Veral
101 Hybrid structures and improving forecasting and scheduling in project management
B. Pollack-Johnson
119 Forecasting system parent group formation: An empirical application of cluster analysis
E.B. Fliedner and B. Lawrence
131 Minimum tardiness scheduling in flow shops: Construction and evaluation of alternative solution approaches
N. Raman
153 Call for papers
155 Conference announcements
157 Editorial Philosophy
159 Guide for Authors

Volume 12, Nos. 3–4, June 1994

163 Obituary
165 Publisher's note

Elsevier Science B.V.

Special issue on economics of operations management
Guest Editors: Rajiv Banker and Inder Khosla

169 Preface
173 Optimal dynamic policies for product and process innovation
B.L. Bayus
187 Simultaneous determination of product attributes and prices, and production processes in product-line design
N. Raman and D. Chhajed
205 Flexibility as process mobility: The management of plant capabilities for quick response manufacturing
D.M. Upton
225 Risk aversion, generalized correlation and investment in manufacturing capacities
J.L. Callen and B. Sarath
239 Technology choice with stochastic demands and dynamic capacity allocation: A two-product analysis
S. Li and D. Tirupati
259 The impact of capacity expansion on the market value of the firm
K.B. Hendricks, V.R. Singhal and C.I. Wiedman
273 Plant objectives as revealed by shop floor activities
R.A. Miller and P. Ramnath
297 The impact of Just-In-Time manufacturing on firm performance in the US
M. Huson and D. Nanda
311 Internal auctions for the efficient sourcing of intermediate products
J.B. Bushnell and S.S. Oren
321 Current production targets and strategic decisions by corporate managers
J.S. Hughes and A. Thevaranjan
331 Hierarchical capacity expansion and production planning decisions in stochastic manufacturing systems
S.P. Sethi, M. Taksar and Q. Zhang
353 Economics of total quality management
P.J. Lederer and S.-K. Rhee
369 Competing on design quality: A strategic planning approach for product quality with the use of a control theoretic model
P. Kouvelis and S.K. Mukhopadhyay
387 Operating decisions, supplier availability and quality: An empirical study
S. Kekre, B.P.S. Murthi and K. Srinivasan
397 Service markets and competition
U.S. Karmarkar and R. Pitbladdo
413 Coordination in operations: A taxonomy
S. Whang
423 Economics of operations management: A research perspective
R.D. Banker and I.S. Khosla

437 Editorial philosophy
439 Guide for authors
441 Author index of Volume 12
443 Cumulative contents of Volume 12
